

Affton Fabricating & Welding Co., Inc. (AFWC) began operations in 1956 specializing as an industrial steel and pipe fabricator. As the industry changed we adapted to it and began structural/miscellaneous steel fabrication for the general construction industry in 1979. We have grown over the years along with our customers, and are pleased to provide you with this information as a general overview to AFWC.

MEMBERSHIPS

Industry involvement is something that we at Affton Fabricating & Welding Co., Inc. strongly believe in. Over the years we have forged and strengthened relationships with many trade organizations while building relationships in the subcontractor community. In addition, AFWC leadership has served on the board of directors for many of these organizations and in multiple cases have served as chapter Presidents.
